Flower Planting

Neville Green completed their annual flower planting at the flower beds at Interstate 79 North and South ramps and the circles at Grand Avenue and Neville Road. The 32 planters along Grand Avenue and Memorial Park were also planted. Thank you to all volunteers for making the event successful.

Neville Green – Eileen Boyd Hutchinson Volunteer Scholarship

The Neville Green – Eileen Boyd Hutchinson Volunteer Scholarship in the amount of \$500 was awarded to Wyatt Fiedler. Wyatt began volunteering at the age of 3, helping his sisters and brother planting and watering flowers. He participated in the Neville Naturalists program and has volunteered his time throughout the years to all the Neville Green projects. Wyatt currently attends Robert Morris University pursuing a degree in news and sports communication.

Earth Day

Thank you to those that attended the Earth Day event held at Cottage Park on April 24th. A tree was planted in the park to celebrate.

No Tree Topping

Proper pruning should not be confused with the disfiguring practice of “topping”. Topping is the indiscriminate shortening of a tree’s main leader and main branches resulting in stubs. The wounds do not close readily, inviting decay. Undesired growth from unsightly water sprouts is also a problem and the tree is highly susceptible to damage from strong winds, sun scald, winter injury, insects, and diseases.
