Phone: 412-264-1977 Fax: 412-264-8906 www.nevilletownship.us

September 2022

Attention: Neville Township Seniors and Persons with Special Medical Needs:

As a senior or person with medical needs, there are extra things to consider in an emergency. During severe weather, evacuations, shelter-in-place orders, power outages, or boil water advisories, you may need to take extra precautions.

The Township of Neville maintains a Special Needs Registry to help our first responders know who might require extra assistance or special notifications during an emergency.

Please consider signing up for the Special Needs Registry if you:

- Use a life support system including oxygen, a respirator, or a ventilator.
- Have trouble walking or have limited mobility and may need help to evacuate during an emergency.
- Are blind, deaf, hard of hearing or may need special notice during an emergency.
- Have memory impairment, speech, developmental or mental health issues that may limit abilities.

To register, complete the application on the reverse side of this letter with your personal and health information. *The information collected will not be available to the public.* It will be shared with police, fire, and local and state agencies for the purpose of emergency response and planning.

If you need assistance completing the application, please call 412-264-1977 or have a family member, caregiver, or friend register for you.

Simply return your form to the Township by mail or in person. The Township will contact you once a year to review your application and verify and update information. If your needs change, please call us with any updates.

Please remember the best defense against any emergency is always personal preparedness. During an emergency the government and responders may not be able to meet your needs as quickly as you would like. It is important to also make your own emergency plan and to be prepared for your own safety. Pre-plan to stay with family or friends, as emergency shelters are not always the best place for persons with medical needs. Be prepared for power outages, extreme heat or cold, and if your doctor, pharmacy, or businesses are closed.

For more information on how to prepare for emergencies visit www.fema.gov, www.pema.gov, or call the Neville Township Emergency Management Coordinator at 412-264-1977.

Return form to: Neville Township, 5050 Grand Ave. Pittsburgh, PA 15225
