2023 Neville Township "I Will" Award

Congratulations to Sandy and Tony Martin, Neville Green's 2023 nominee and recipient of the Neville Township Board of Commissioners "I Will" Volunteer Award.

Sandy is currently the Vice-President of Neville Green, and with twenty-nine years of service is our longest serving volunteer. Her contributions, commitment, and advice are a large part of Neville's Green success and sustainability for thirty years.

Tony is a very active volunteer and generously donates his time and talents at annual flower plantings, luminaria displays, and in maintaining the flower beds and lawns.

We thank the Martins for their example of how to be a devoted couple, great team, and volunteers who always say "yes, I will."

Did You Know?

Neville Green partners with businesses and industry on Neville Island. In addition to the financial support needed to sustain our programs, corporate volunteers help with beautification projects like flower planting and the Earth Day Cleanup.

Neville Green values our collaboration with Metalico Pittsburgh as a great example of what a community can accomplish when citizens and business work together. This fall, Metalico employees removed two truckloads of flowers from the traffic circles. The employees gained pride and ownership in the Neville community and provided much needed manpower.

Neville Green would like to thank the Neville Island Volunteer Fire Department for all they do for Neville Island! In addition to keeping us safe, they generously give their support to Neville Green events and programs. Please thank our firefighters and their families – great examples of people who make a positive impact in our community.
